His Claims to be Presented to

FOR SHIP WRECKED SAILORS.

Refuge Stations at Point Barrow—Mr.
Blaine not Paralyzed—His Health
Generally.

(Special to THE TRIBUNE—Examiner Dispatch.)

WASHINGTON, May 2.—The breeders and packers of American cattle and hogs and their products are making a strong effort to have our government take up again the subject of introducing them into England, Germany and France. Our hog products are now excluded by law from France and Germany, and our live cattle are practically excluded from England on account of the scare worked up in those countries some ten years ago in reference to the healthfulness of these products. It was felt at the time that the movement on the part of France and Germany was as much a movement to protect their own breeders as on account of any serious conviction that the American products were unhealthy, and the aim of the English legislation is clearly enough disclosed from the fact that Canadian cattle enter England under no such vexatious restrictions. The effort to have these restrictions rescinded was begun under the administration of Mr. Arthur, and at the same time had the cordial support of Mr. Blaine and his former assistant secretary of the state, Congressman Hill of Illinois.

The Hon. James H. Sanders, of Chicago, the editor and publisher of the *Brooklyn Daily Eagle*, went to Europe as a special agent of the treasury and agricultural departments, and collected a great deal of information on the subject, which he is now endeavoring to present to the government. The matter was not much pressed under the administration of Mr. Cleveland, but now that Mr. Blaine is again at the head of the state department, the voice of the breeders has come for an effort to regain these important European markets.

Their programme is to have men of special training sent to secure of the leading breeders as much information as they can obtain from them regarding the cattle and hog products, and whether there is any substantial prejudice against the American products. If there is, it is to be labor, through the press and otherwise, to dissipate this prejudice, and commend the excellence of our products. Our missionaries to London, Paris and Berlin will endeavor to have the attention called to this matter, and when the time is ripe, will propose to the governments of England, France and Germany, the repeal of the obnoxious laws.

Mr. Sanders, who was the agent of the treasury in 1883, has had several conferences with Secretary Blaine and Assistant Secretary Wharton on the subject, and will keep it before the state and treasury departments.

FEARS FOR BLAINE.

Some Say His Present Illness is Nothing, While
Others Say It's Bad.

(Special to THE TRIBUNE—Examiner Dispatch.)

WASHINGTON, May 2.—Secretary Blaine is still confined to his room with lambo and rheumatism, but he is not paralyzed yet, except by the pain of imaginative correspondents. Mr. Blaine has been very careful of himself since his sickness, thirteen years ago, and is now, it is said, in a light disposition. The medicine given him Tuesday night, his stomach and produced a depression of spirits, not very agreeable to him or to his family. The attack of lambo has been severe, and has at times nearly doubled him up with agony. The weather has been unfavorable, and the drive on Monday did Mr. Blaine no particular good. It now appears to be nothing, especially to be apprehended from the present attack, and most of Mr. Blaine's friends talk hope of his recovery. The governor of the general health and does not like the breaking up which seems to accompany this slight ailment.

Mr. Blaine will not be out for some days yet. Mrs. Blaine has had a patient on her hands almost all the time since she has been in Washington. First Mr. Walker Blaine's brother-in-law left her a prisoner, as well as himself, and for the past fortnight she has been nursing Mr. James G. Blaine, Jr. He came here with a high fever under his arm, and she kept him in bed for a week. Now he is able to get about among his old cronies in town, and Mrs. Blaine is able to devote her entire attention to her husband.

SHIP-WRECKED SAILORS.

A Relief Station for Them in Arctic Waters to
be Established.

(Special to THE TRIBUNE—Examiner Dispatch.)

WASHINGTON, March 2.—A conference was held at the navy department yesterday between Commodore Bennett, chief of the revenue marine service, and Commodore Walker in reference to the harbor of refuge at Point Barrow for the benefit of shipwrecked whalers. The delay which has taken place has been on account of the inability of the steamer Bear to perform the service and at the same time make her cruise in Arctic waters. The season is a short one, and the officials of the revenue service have determined to place the responsibility of sending this ship on this duty and carrying extra stores at the expense of the other service. The result of the conference yesterday was that the navy department will co-operate with the revenue officials.

The Thetis, which has left San Francisco, will remain at Tacoma until further orders. It is now expected that the Thetis shall take aboard at Tacoma lumber, coal and other stores so as to render the extra amount to be carried by the Bear as small as possible. The Thetis is a fine ship, and it is not used within two years it will go into the treasury. It is for this reason that it would be advisable to expend it as soon as possible this season.

After the conference will be held on Saturday, when the final order will be determined upon and telegraphed to the commanding officers of the Bear and Thetis. Whether the house will be built at San Francisco and taken to Point Barrow, or constructed after arriving there, will be settled on Saturday.

The Bear is expected to arrive from San Francisco not later than the 20th instant.

Gabriel Dumont.

WINNIPEG, May 2.—Recent news from Batouche, the seat of the half-breed rebellion a few years ago, says that Gabriel Dumont threatens to cause more serious trouble than the authorities are being urged to suppress him. A large detachment of prominent half-breeds waited on him and presented him with an address thanking him for the gallant aid he made for his countrymen. They urged him to again become their leader, and promised to keep up the agitation until all their wrongs were righted by the government.

Two Chinamen for One Office.

New York, May 2.—F. Gilroy has been appointed commissioner of public works, vice Lawrence Smith. The latter claims that his term has not expired and refuses to turn the office over, but offers to make an appeal to the courts, and Gilroy threatens to take possession by force. He is the Tammany man, Smith is a county Democrat, and Gilroy has secured an order of the court for Smith to show cause why Smith should not turn over the office.

AN OFFICIAL DENIAL.

The Berlin Rumor that Mr. Kasson Asked
Concerning a Secret Treaty.

Berlin, May 2.—An official denial is published of the report in the *Berliner Tagblatt* of Tuesday that at Monday's sitting of the Samson conference, Kasson, one of the American commissioners, asked whether a secret treaty existed between England and Germany for the partition of the Turkish and Chinese empires, and that Sir Edward Malet, British ambassador, categorically denied the existence of such a treaty.

The delegates to the conference today attended the ceremony of blessing the colors of the guards at Potsdam, where the commissioners were presented to Emperor William. The Emperor conversed in a friendly way with the delegates, and they were delighted with their reception.
